

Cookies Policy

Use of cookies

The website <https://ai2md.com/> utilizes cookies in order to simplify its services and make them more efficient for its users. The users that visit the website will see a minimal quantity of data added to the device in use at the time, whether it is a computer or mobile device, in small text files called "cookie" that will be saved in the directory utilized by the user's browser. There are various types of cookies, some that make usage of the website more efficient, and others that enable certain functions.

Types of Cookies

Technical Cookies

This type of cookie allows certain sections of the website to function properly.

There are two categories:

- Persistent: when the browser is closed, these cookies do not get destroyed, but remain until a predetermined date.
- Session cookies: these cookies get destroyed every time that the browser is closed. These cookies are necessary to properly view the website and utilize the technical services offered. Consequently, they will always be utilized and sent, unless the user modifies the settings of their browser (therefore blocking the visualization of the website).

Analytical Cookies

The cookies in this category are used to collect information on the use of the website <https://ai2md.com/>. This information is used to perform anonymous statistical analyses, in order to improve the use of the website and make its content more interesting and in line with the needs of its users. This type of cookie anonymously gathers data on the activity of the user and on how the user arrived onto the website. Analytical cookies are sent from the website itself or from third party domains.

Third-Party Services Analysis Cookies

These cookies are used to anonymously gather information on the use of the website, with information regarding: pages visited, time spent on the website, traffic origin, geographic location, age, gender, and interests that may be used for marketing campaigns. These cookies are sent to the website by third party domains.

Cookies used to integrate third-party products and software functions

This type of cookie integrates functions developed by third parties onto the website, including icons and preferences indicated on social networks, in order to share the website's contents and utilize third-party software services (such as software used to generate maps and software that offer additional services). These cookies are sent by third-party domains and by partner websites that offer their services and functions to this site.

Profiling Cookies

These are the cookies necessary to create user profiles in order to send advertisements related to the preferences expressed by the user on the website <https://ai2md.com/>. According to the current

regulation, it is not necessary to request consent to technical and analytical cookies, given that they are necessary to provide the services requested. For all other types of cookies, consent can be expressed by the user in one or more of the following ways:

- Through specific configurations of the browser used or of other programs used to navigate the pages of the website.
- Through the modification of the settings in use by third party services. Both of these solutions may result in failure to use or view certain parts of the website.

Third-Party Websites and Services

This website may contain links to other websites with their own privacy policy and that may be different from that used by <https://ai2md.com/>, which is not liable for the privacy policies of these other sites.

Disabling Cookies

Cookies are linked to the browser used and can be disabled directly from the browser, thereby refusing or revoking consent to cookies.

It should be noted that disabling cookies may interfere with proper use of some of this website's functions. The instructions for disabling cookies can be found on the following websites:
